

Kony Background Location Permission

```
/*
    Manifest Changes - Add these permissions to child tag entries under manifest tag in kony
    setting.
*/

<uses-permission android:name="android.permission.ACCESS_FINE_LOCATION"/>
<uses-permission android:name="android.permission.ACCESS_COARSE_LOCATION"/>
<uses-permission android:name="android.permission.ACCESS_BACKGROUND_LOCATION"/>

/*
    Function to Open Location Permission Settings
*/
function openLocationPermissionSettings() {
    if (kony.os.deviceInfo().name === "android") {
        var packageName = kony.os.userAgent.split("packageName=")[1]; // Get package name

        kony.application.openURL("intent://settings#Intent;action=android.settings.APPLICATION_DEVELOPMENT_SETTINGS;scheme=package;package=" + packageName + ";end");
    } else {
        kony.print("This feature is only available on Android.");
    }
}
```

Please note this will redirect the user to the location permission page where users have to change the permission to “Allow all the time”.
